Monday, the opening day of the sale of Christmas novelties, at the home of Miss Maud Carew Buckingham, 86 McKinley avenue, brought out a large number of buyers. All were espec-ially interested in the Children's Cor-ner, where the many new made-in-America toys include a cute beach America toys include a cute beach wheelbarrow and pail novelly, which would delight any child. There was a wide variety of knitting bags, the latest the must bag, also hand-woven seek bags in assorted colors, and there are practical leather shopping bags. Traveling equipment fills one table. A real novelty in gifts for men spring a natty leather tob. Towels, table runners, centervices, cushions in surrunners, centerpieces, cuablons in surprising variety, daintily embroidered namental as Seev would prove useful, mong the special lines of gift ar-offered.

and a fifty-cent table from which Monday's purchasers selected many satisfactory novelties, and where there remain fascinating collections of pretty and practical things, suitable gifts for all members of the household.

There was a large audience at the Auditorium last night to preet Nat Parsum and company, and the women who made up half of those present seemed to like the buriesque fun and the pretty costumes and the singing just as much as the men, and the latter certainly liked the first night offering of the popular Nat Farnum company, which is hore for the week, with mutince and evening perform-ances daily, changing on Wednesday ances daily, changing on Wednesday and Friday. Mr. Farnum, who is a funny little fellow, does not monopofunny little fellow, does not monopolize the stage, but has gathered about him a company, all of whom are most capable, and special mention should be made of Miss Blanche Parquette, prima donna, who has a beautiful soprane voice that scored big last night. Baree, son of Kazan, the Vitagrapis Blue Ribbon Feature, which will be the attraction in the Auditorium theatre for today only, is announced by for today only, is announced by Vitagraph to be one of the most re-markable pictures ever released by that company.
